PRICE FIVE CENTS

74 PEOPLE MISSING IN SHIP WRECK

U.S. Accession to World Court Added to League Program

HOME TOWN STUFF

It is not uncommon to see four and five cars parked in the middle of Texas Street in front of the post office. It was that way this morning about 8:30 o'clock and a head-on collision between two automobiles was narrowly averted when a car parked at the curb was backed into the street. You can imagine just what kind of a mix-up this would be. The middle of the street, which is supposed to be kept clear for traffic blocked with parked cars, thus forcing traffic to crowd into the narrow space between the cars parked at the curb, and then let the driver of a car parked at the curb take off in a hurry. Just that kind of a four-cornered smash-up was narrowly avoided this morning, and all because some people who are too lazy to walk a few extra steps in getting to the post office, left their cars parked in the middle of the street.

The police can do a real service by spending a little time around the post office corner, especially early in the morning when people are coming after the mail. They can do the service if they will arrest every driver who stops his car in the middle of the street. This is the very worst kind of double parking, and it ought to be stopped.

A highly appreciated card has been received from a vacationist. It is from Ramrod, who lives at Chillicothe, and reads as follows: "Dear H. T.: Spent my vacation in Vernon (two days). Why leave such an interesting town and surroundings for California or Colorado. You should have been with me. It was grand. Will return next Summer." Similar statements have been made with reference to less alluring vacation places, but always it is away from home.

Hugh Nesbit, one of the Linotype operators on this newspaper is away on his vacation and he writes back from El Paso that he saw the Graf Zeppelin as it passed over the city on its voyage around the world. He also said he visited in Juarez, but that will probably be all right. His wife was with him.

W. H. Van Huss says he believes there are possibilities of developing a valuable industry right here in Vernon if a number of people will start rabbit farms. He has been getting started in the business and says he believes it can be made a good paying business. It is being done in other cities. The rabbit has double value. His meat is valuable and his pelt is even more valuable. Some of the finest furs are made of rabbit pelts. Of course, the stores don't advertise them that way. It is easier to sell a \$1 rabbit pelt if you price it \$75 to \$150 and call it mink or fox or some other rare and beautiful fur-bearing animal. So manufacturers who make choice furs from rabbit pelts are smart enough to mark the price up to a point where the buyer will properly appreciate them. There is a lot of psychology in a price tag.

One of the principal reasons for the sale of certain types of high-priced cars is the price. It isn't because they are so much better than others or appear better. The owner gets his happiness out of the fact that his neighbors know he has a high-priced car. The satisfaction of rubbing it in on your neighbors may be worth the cost. H. T. has always had a secret ambition to own a high-priced car and go back to the old home town where he lived as a boy, and drive slowly around and let the natives see what a success he is. But like other ambitions, it is not likely to ever be realized.

NATIONS UNION COUNCIL OPENS 56TH SESSION

Revision of Statutes and Formula of Elihu Root Paving Way for Possible Adhesion of America to Be Considered at Assembly in Geneva.

Geneva, Aug. 30.—(A-P)—The question of the accession of the United States to the World Court of International Justice has been added to the agenda of the council of the League of Nations which opened its 56th session today.

A conference of the signatories to the World Court statutes is to be held concurrently with the meetings of the league's assembly next week and will consider proposals for revision of the statutes and the formula of Elihu Root, noted American jurist, paving the way for the possible adhesion of the United States.

With the British Labor Government expected to adhere to the compulsory arbitration clause in the World Court, the British member today made what was interpreted generally as a statement indicating the Labor Government will play an active part in league activities.

H. Dalton, parliamentary under-secretary of state, announced Great Britain wishes to see a speeding up of ratifications of international treaties and would raise this question in the assembly. Expressing dissatisfaction with the slowness of ratifications, Mr. Dalton said that the signatures of conventions should be a reality and not merely a device for seeking to support propositions at Geneva which are not necessarily followed up when the delegates return home.

COURT HEARING INSANITY PLEA

BANK BANDIT IS TRYING TO EVADE EXECUTION IN DEATH CHAIR

Eastland, Aug. 30.—(A-P)—The best legal blows of counsel directing Henry Helms' last stand against the State were ready for delivery today in the sanity trial of the bank robber for whom a death mandate had been signed.

The father, mother, wife and former lawyer of the "Santa Claus bandit" went on the stand for him late yesterday. The parents told of his "peculiar" traits from infancy, the wife described his departure from home without leaving taking, incongruous, she said, in the light of his ordinarily careful forethought for her and the five children, and the father, Bert Ashby, told of the wound Helms received in the robbery, which Ashby believed undermined Helms' mind.

On Dec. 23, 1927, four men, whom the State named as Helms, Marshall Ratliff, Robert Hill and Louis Davis, raided the First National Bank at Santa Claus. In a subsequent gun battle, Bit Bedford and George Carmichael, police officers, were killed as was Davis.

Hill is serving 99 years, Ratliff is in a Huntsville death cell awaiting the result of an appeal and Helms sits apparently unconcerned in the court room here.

DAMAGE SUIT FILED IN ARREST OF PLAY CAST

Los Angeles, Aug. 30.—(A-P)—Nineteen detectives who provided a spectacular finale for the comedy "Bad Babies" at a local theater here Wednesday night by arresting eight principals of the cast and the stage manager today were facing a \$50,000 damage suit brought against them by George Scarborough, author-producer, on behalf of the cast.

The "Bad Babies" players were taken to jail and released later under \$500 bond each. They were charged with presenting an indecent play.

MAN GETS LIFE SENTENCE FOR SLAYING TEXAS NEGRO

Cameron, Aug. 30.—(A-P)—John Flewellen was found guilty by a jury here today of the axe slaying of Charles Harris, negro, at Branchville, last October and his punishment was fixed at 99 years in the penitentiary. In a previous trial he was given an 18-year sentence.

HELMS' WIFE TESTIFIES HUSBAND INSANE

Eastland, Aug. 30.—(A-P)—Counsel for Henry Helms, sentenced to be executed September 6 for his participation in a Clisco bank robbery in 1927, continued today to introduce testimony in his sanity trial here.

Mrs. Nettie Helms, the condemned man's wife, who testified yesterday, was recalled today by Helms' attorney to identify letters received by her from her husband. They were not read in court.

J. J. Parker, assistant jailer of the Dallas County jail where Helms was incarcerated for some time, testified Helms was judge of the "kangaroo court" in his portion of the jail and the cells in that part of the prison were kept clean.

On cross examination by the State, Parker said he believed Helms was sane while he was in the Dallas jail. The Rev. H. E. Bolley, Dallas pastor of an Assembly of God Church, testified he believed Helms was insane. He based his opinion on observations while Helms was in jail at Dallas.

Helms appeared in court today with a fresh haircut and shave. The blue shirt worn during the first two days of the trial had been exchanged for a fresh white one. He continued, however, the monotonous murmuring of the two previous days.

Mrs. J. C. Cade, Dallas church worker, who visited Helms in the Dallas jail, also testified she believed he was insane.

MOODY DELAYS NEGRO'S DEATH

TIME ALLOWED BOARD OF PARDONS TO ACT ON MANY APPEALS

Austin, Aug. 30.—(A-P)—Jesse Charles, Liberty County negro under death sentence for murder, had a two weeks lease on life today, following Governor Moody's action late yesterday in granting a second stay of execution. He was to have been executed at Huntsville early today.

Charles was convicted of the murder of Winfred Knipple, white, at Devers.

The second stay was ordered to give the Board of Pardons time to study a large number of affidavits for and against carrying out the judgment of the court, Governor Moody said. Some statements had been made creating doubt if Charles had committed the crime.

ST. JAMES CROSSING SPAN HINGES ON PILING TESTS

Definite action in the movement to construct a bridge across Pease River at St. James Crossing west of Vernon hinges upon the outcome of piling tests to be made at the proposed bridge site in the next few days, County Judge J. V. Townsend announced today. The Commissioners Court has tentatively accepted a bid submitted by the Austin Bridge Company for the contract to build the span, and if the piling tests are favorable, the proposal will be definitely accepted.

The bid was \$26,250. Three bids were opened and considered at the meeting of the Commission Tuesday.

CITY OFFICIALS RETURN FROM GULF FISHING TRIP

Preceded by the shipment of a barrel of deep water fish, including a huge tarpon measuring 5 feet and 4 inches, City Secretary S. H. Hall and Commissioner B. Daniel returned last night from Corpus Christi where they have been vacationing for the past ten days. Mr. Hall reports that the landing of the large specimen from the Gulf of Mexico was the "thrill of a life time," and he proposes to have the fish mounted and placed in the City Hall for exhibition.

AMARILLO NEWSPAPER MEN BUY LAMESA REPORTER

Amarillo, Aug. 30.—(A-P)—The Lamesa Reporter at Lamesa, Texas, has been purchased by a group of Amarillo newspapermen, who will take over the property September 1, it was announced here today.

Elbert W. Smith, telegraph editor of the Amarillo News, will be president and publisher. The publication was purchased from J. W. Smith.

TULSA OFFICERS SEEK PARTNER OF DEAD BANDIT

Dick Gregg and Mates Shoot It Out With Two Highway Patrolmen When an Arrest Is Attempted, and Death List Includes Bandit and Officers.

Tulsa, Okla., Aug. 30.—(A-P)—A man hunt, designed to locate a man said to have fled from the last gun fight o. Dick Gregg, notorious Oklahoma bank robber, was in progress today as officers still were piecing together the final chapter in the life of the outlaw, which ended late yesterday in his death and the death of two Tulsa County officers in a gun battle on the outskirts of Tulsa.

Gregg, wanted in connection with three Oklahoma bank robberies and suspected in several others, was killed after he had been halted on the Sand Springs highway at the western edge of Tulsa by Ross Darrow and A. L. "Link" Bowline, highway police.

As Gregg halted his car, Bowline jumped on the running board with his gun drawn. Gregg whipped out a gun and fired, Bowline falling. Darrow came running from the officers' car. Darrow and Gregg both fired, Gregg slumping down in the car seat and Darrow stumbling to the roadway.

Witnesses told officers two men clambered from the outlaw's car and ran. Bob Dyer, 29, Indian cowboy from Pawhuska, was arrested near the scene. With the identity of the third man shrouded in mystery, officers were inclined to believe he was one of Gregg's partners.

Aside from the three Oklahoma robberies, for which Gregg was being sought, he also was wanted in connection with the holdup of People's State Bank of Wichita, Kans., July 26. Gregg, who was said to have been friendly with Al Spencer and was believed by many Oklahoma officers to have been a member of Spencer's gang of outlaws who for many years had a rendezvous in the Osage hills from which they swooped down on small towns in Southern Kansas and Northern Oklahoma, escaped from the Osage County jail at Pawhuska in 1927. He had been taken there from the Kansas state penitentiary to testify as a witness for the prosecution in one of the Osage Indian murder trials, and had been a fugitive from justice since that time.

VERDICT OF SUICIDE IN DEATH OF SEYMOUR MAN

Seymour, Aug. 30.—A verdict of suicide was returned here late Thursday over the body of R. E. Bryan, 58, one time Baylor County tax assessor, who was found dead by cotton pickers on his farm near Seymour Thursday morning. A bullet had pierced his head. Near his side was a small caliber rifle.

Justice of the Peace A. H. Golden of Bonamont was called this afternoon to perform the inquest. Several notes were found on the body. They indicated Mr. Bryan had experienced financial troubles.

Mr. Bryan was well known in Baylor County and had many friends. He is survived by two sons and two daughters. Funeral services will be held from the family home Friday. The hour of the services was not announced.

POLICE ARREST MAN IN BRITISH ROYAL PALACE

London, Aug. 30.—(A-P)—Special police were sent from Scotland Yard today to investigate the capture just before dawn of a man who had forced an entrance into the Buckingham palace grounds.

It was necessary for the police-man who saw him inside the palace grounds near the diplomats' entrance to scale the walls himself since all the gates were locked.

He chased down his man who tried to hide in the shadows of the walls. He was taken finally and brought to police headquarters and searched.

He appeared to be one of England's army of unemployed, was poorly dressed and unarmed.

V. V. FORD GETS FIRST FARMERS VALLEY BALE

Tolbert, Aug. 30.—The first bale of cotton to be ginned at the new Farmers Valley gin was brought in by V. V. Ford of that community. The bale was purchased for 17 cents per pound. Mr. Ford states the recent dry weather cut his cotton yield off by half.

GRAF'S MASTER TO TALK WITH FINANCIERS TODAY

Washington, Aug. 30.—(A-P)—On the outermost edge of Washington, Dr. Hugo Eckener, 60-year-old master of the Graf Zeppelin's world-circling flight, obtained his hard-won reward of peaceful sleep before arising early today to fly back to New York.

The commander of the great airship was given his choice of the "most gorgeous" suite of Washington's most luxurious hotel, or a quiet room in the secluded home of Dr. O. C. Keip, German Charge d'Affaires. "I'll take the quiet spot," said Dr. Eckener.

He had earned it. Twenty-one days, 7 hours, 33 minutes of tension and tumult had preceded his strenuous triumphal return Thursday. Motor-throb and siren-shriek, mile-consuming glidings over the uninhabited wastelands of earth and stops amid the pandemonium of crowds, speeches, photographers—life had moved at a swift tempo for Dr. Eckener.

With characteristic thoroughness, he tied up all the little tag ends of his trip before he allowed himself to rest. He paid his courtesy call on President Hoover and expressed his gratitude for the co-operation he received from America. He thanked the Navy for its weather reports, and for the man power in the Zeppelin ground crew. He visited the Secretary of State.

He had engagements with American financiers in New York today, planned to spend Saturday and Sunday at an estate on Long Island, and then leave for Akron, Ohio, stopping at Cleveland en route.

Eckener Goes to New York. Lakehurst, N. J., Aug. 30.—(A-P)—Dr. Hugo Eckener, skipper of the air liner Graf Zeppelin, left here by train for New York at 10:30 a. m., today. He had arrived here by plane from Washington where he was greeted yesterday by President Hoover, a few minutes earlier.

FIND 2 BODIES AT KANSAS CITY

Kansas City, Aug. 30.—(A-P)—Bodies of a young man and a young woman, both dead from bullet wounds, were found here today two blocks apart on Cliff Drive, boulevard in the northeast section of the city.

The man was believed to be Paul Odell, railway clerk. The woman's body was not identified immediately.

The man's body apparently had been thrown from the top of a high cliff parallel to the drive.

The young woman's body was bruised and her clothing was in much disorder. She apparently had been criminally attacked, beaten and shot. It had not been determined exactly when the couple was slain, although officers believed the tragedy occurred last night.

MINISTER ARRESTED ON COMPLAINT OF YOUNG GIRL

San Jose, Calif., Aug. 30.—(A-P)—Arrested near Sunnyvale while en route to a prayer meeting, the Rev. Harry W. Davis, 35, Erick, Okla., divine, was in the county jail here today.

Davis is wanted in Erick on a statutory charge involving a 14-year-old girl. He had been working in the fruit district, near Sunnyvale for the past three weeks under the name of J. W. Murphy, according to Sunnyvale police.

Davis denied the charges and said he had left his pulpit in an Erick Baptist Church because of dissension among members of the congregation and tangled church finances. He is said to have a wife and small daughter residing at Erick.

ALL TEACHERS TO JOIN IN INSTITUTE IN VERNON

All teachers of Wilbarger County will join in the two-day institute to be held at Vernon September 9-10, according to announcement of Ercell W. Brooks, County Superintendent. Plans for the program for the session are being perfected, and topics of interest will be discussed by prominent teachers. The sessions will be held in the high school.

65 Years on Job As a Dentist

He's been pulling teeth and curing toothaches for 65 years—and he's still at it in Bellaire, O. In 1864, when he was serving in the federal army, Dr. H. C. Kempe, 85, above, was appointed "dentist" of his outfit. He liked it so well he studied dentistry when he was discharged and has been following the profession ever since.

WOMAN FLIER MAY RECOVER

LADY HEATH IS REPORTED IN GOOD CONDITION AFTER AIRPLANE CRASH

Cleveland, Ohio, Aug. 30.—(A-P)—Lady Mary Heath of Ireland, outstanding woman pilot, lay in a hospital today awaiting outcome of a cranial operation performed last night after her plane had crashed through the roof of a factory building.

Possibility of infection, present for 36 hours after such an operation, still kept her in danger according to attaches at the hospital. She showed improvement immediately after the operation was performed, however, and her chances of complete recovery were reported good provided she escapes infection.

The noted aviatrix was landing at a test field yesterday. She was flying with Erwin Kirk, 26, mechanic. The plane struck guy wires to a chimney of the Mills Company and plunged through the roof. Kirk lost a finger and suffered minor injuries.

TEXANS ARE INSPECTING KANSAS PRISON SYSTEM

Kansas City, Mo., Aug. 30.—(A-P)—Loaded with many figures, the Texas Prison Commission planned to continue its inspection of penal institutions here today with the end of the long trip in sight. The commissioners planned to go from here to Oklahoma, where a final look will be taken.

Their report to Governor Moody will be passed on to the Legislature with a drastic revision of the Texas penal system a resultant probability. The Commission studied the State prison at Stillwater, Minn., yesterday. Chairman W. A. Paddock found it, he said, the best equipped and managed institution seen by his group in 12 states.

DRIVE ON RUM RUNNERS CUTS SUPPLY 50 PER CENT

Washington, Aug. 30.—(A-P)—The Treasury's campaign against rum running from Canada in the Detroit area is shown in customs bureau figures made public today to decrease the Canadian liquor exports from towns across the border by more than 50 per cent.

Liquor imports from Canadian towns opposite Detroit for June and July totaled 171,719 cases as compared with 439,101 in the same month of last year, or a drop from 1,694,752 to 429,296 gallons.

LITTLE HOPE HELD FOR MANY UNACCOUNTED FOR FOLLOWING CRASH NEAR SAN FRANCISCO

San Francisco, Aug. 30.—(A-P)—Revised figures on the number of passengers who were aboard the coastwise steamer San Juan when she sank off Pigeon Point south of here today showed seventy-four persons remained unaccounted for and may have perished.

Radio stations here reported the Munami had renewed its search of the wreckage-strewn collision area at daybreak but that up to 8 a. m., it had not reported picking up any additional persons.

These advices, coming eight hours after the San Juan sank, led to the belief that few if any of the seventy-four missing would be found alive.

LEADERS PUSH TARIFF BILL

EFFORT WILL BE MADE TO GET MEASURE THROUGH BEFORE DECEMBER

Washington, Aug. 30.—(A-P)—Intent on driving the tariff bill through the Senate before the regular session begins in December, administration leaders are planning to hold up any other national business except that of an emergency nature.

It is entirely possible for this reason that President Hoover may withhold all but the most necessary nominations until the December session.

However, names of the newly organized Farm Board will be transmitted to the Senate next week when it meets for business. While confirmation of the Board is anticipated, there are indications of some trouble. Senator Brookhart, Republican, Iowa, has served notice he wants the Board members summoned before a Senate committee for questioning on their plans for helping wheat growers.

Mr. Hoover also has a number of diplomatic appointments to make and several judicial nominations, but in view of the attitude of Republican leaders it seems likely he may withhold some of these. Filling the various diplomatic posts is proving a vexing problem for the President. More than 500 applications are known to be on file for the prize diplomatic assignments.

The request of Mr. Hoover for appointment of a joint congressional committee to study the feasibility of unifying the prohibition enforcement agencies is the unfinished business before the Senate. This ran into some difficulties at the last session, and it appears likely that if opposition develops to the resolution authorizing such a committee it will be sidetracked for the tariff.

A search for an automobile which Odell drove from his home and in which he later was seen in company with a young woman has been in vain.

Investigators are working on the theory the couple were victims of assassins who came upon them on Cliff Drive, a favorite retreat for young couples.

Odell was shot in the back of the head. His body was found beside steps leading up the steep sides of cliffs which line the drive. The girl's body was found face downward in a ravine.

WITNESS SAYS WOMAN CONFESSED MATE'S DEATH

Fairfield, Texas, Aug. 30.—(A-P)—A prosecution witness' story of Mrs. Gladys Deakle's alleged confession to the slaying of her husband had been introduced today in Mrs. Deakle's murder trial.

The husband, W. C. Deakle, was shot to death in his home at Teague six months ago. Mrs. John Aldridge of Teague testified the 23-year-old defendant sobbed that she had killed Deakle "because he was so mean to me."

Thelbert Vanahan, a neighbor, swore he saw Mrs. Deakle emerge from the home, after a shot had rung out, and heard her sobbing.

NUDE PARADE HALTED AS COPS NAB PARTICIPANTS

Nelson, B. C., Aug. 30.—(A-P)—The provincial and city jails were packed to overflowing today with 150 Doukhobors, members of a Russian religious sect, who started a nude parade on the highway 15 miles south of the city yesterday only to be rounded up by provincial police and special officers.

A march on Nelson was begun several days ago in protest against the imprisonment of Peter Wolfson, a Doukhobor, in connection with the burning of Doukhobor schools.

SOCIETY

Mrs. Sieck Is Hostess to
Needle Craft Club Wednesday

Mrs. H. E. Sieck was hostess to members of the Needle Craft Club with a party at her home in southwest Vernon Wednesday afternoon. Roll call was answered to, after which a short business session was held. The remainder of the afternoon was devoted to needle art work. A delicious ice course was served to the following: Mrs. W. F. Hingst, Mrs. J. A. Birnbaum, Mrs. Paul

Kneschke, Mrs. Walter Hoffman, Mrs. John Krebs, Mrs. E. B. Kunkel, Miss Mary Kohler, Miss Louise Lowke, Miss Rosie Riedel, Miss Eleanor Lowke, and the hostess, Mrs. Sieck.

Former Vernon Teacher Is
Married to Commerce Man

Of interest to many Vernon friends was the announcement received here today of the marriage of Miss Marion Wynn, of Greenville, a teacher in Vernon schools last year, to J. B.

Anderson, of Commerce, on August 20. The wedding ceremony was performed at the home of the bride's parents, Mr. and Mrs. H. D. Wynn, in Greenville in the presence of a few relatives and friends. Mrs. Anderson is a graduate of East Texas State Teachers' College and taught in the Quinlan schools two years prior to teaching last year in Vernon High School. Mr. Anderson is an employee of Clifton's Drug Store in Commerce. Mr. and Mrs. Anderson will make their home in Commerce upon their return from a honeymoon trip to the Ozarks.

Mrs. Lehman Entertains With
Picnic Supper Here Thursday

Mrs. L. G. Lehman entertained members of the Needle Craft Club

Samoan Leader To See Hoover

NEA Los Angeles Bureau
Here's Faleaiga I. Tufele, chieftain of 5000 American-ruled Samoans, who arrived in this country recently to submit to President Hoover a legislative measure for the rule of his people. Tufele, who's in line to become head of all Samoans, illustrated the document with his own designs. He's shown here at Los Angeles in native costume, holding the portfolio to be presented President Hoover.

and their husbands and friends with a picnic supper Thursday evening on the lawn of the Lutheran Church. She was assisted in entertaining by Mr. Lehman.

Those present were: Mr. and Mrs. Walter Hoffman, Rev. and Mrs. J. A. Birnbaum, Mr. and Mrs. E. B. Kunkel, Mr. and Mrs. John Krebs, Dr. and Mrs. H. E. Sieck, Mr. and Mrs. W. F. Hingst, Mrs. Paul Kneschke, Miss Linda Bruns, Miss Louise Lowke, Miss Mary Kohler, Miss Rosie Riedel, Henry Lowke, Walter Lowke, Harry Bruns, and Mr. and Mrs. Lehman.

Dorcas Sunday School Class
To Entertain With Party

Members of the Dorcas Sunday School Class of the First Baptist Church will entertain this evening with a swimming party and picnic in Electra. The class members will meet with their teacher, Mrs. A. T. Stanford, at the church at 6:30 p. m.

Hill Crest Country Club To
Entertain With Dance Tuesday

Hill Crest Country Club will entertain with a dance next Tuesday evening from 9 until 12 o'clock at the club house. It was announced today, Ralph Britt's orchestra, "The Oklahomaans," will furnish the music for the entertainment.

THALIA

W. S. Tarver and family and Rev. W. A. Reed and family left Monday for a visit in Mexico.

Hugh Thompson and family of Levelland are visiting his father, J. S. Thompson, and other relatives here this week.

G. A. Shultz returned home Friday from a visit to the plains.

The Estelline baseball team played the Thalia team here Saturday and Sunday afternoons. The Thalia team won both games.

Miss Olive Carter who has been attending school in Commerce, came home Thursday for a visit with her parents.

Leo Shultz and family left Thursday for a visit in South Texas.

Mrs. T. J. Wood and son, Jack, visited relatives in Duncan, Okla., a few days last week.

Mrs. J. W. Hodges and children of Burkburnett visited Mr. Hodges, who is working here, Monday.

Edward Jones is visiting his grandmother in Sweetwater this week.

G. W. Seales and family returned home Sunday from a visit near San Angelo.

Mrs. Mayfield visited a few days in San Angelo last week.

John Teel of Clarendon visited relatives and friends here last week end.

C. C. McLaughlin and family of Wichita and Mr. and Mrs. Ray McLaughlin of Grand Prairie visited Charlie Wood and family last week end.

BOARD OF EDUCATION TO
MEET THIS AFTERNOON

The Willbarger County Board of Education will meet in its regular August session this afternoon at 3 o'clock in the assembly room on the second floor of the County Court-house, according to County Superintendent Ercell Brooks. Matter of routine business will be discussed in connection with the opening of schools throughout the county in the next two weeks.

Members of the Board of Education are C. H. Randel, E. S. Gillis, C. T. Porterfield, H. A. Blevins, and H. G. Simmonds.

Bishop Makes Hole in One.
Bar Harbor, Me., Aug. 28.—(AP)—Bishop Freeman of Washington (Episcopal) is a member of the Hole-in-One Club. A 90-yard tee shot ended in the cup.

RACIAL STRIFE IN HOLY LAND NEARS AN END

Presence of British Soldiers and
Strict Rule of Martial Law
Has Quieting Effect on War-
ring Jews and Moslems After
Five Days of Violence.

Jerusalem, Aug. 28.—(AP)—Palestine today gradually approached tranquillity with the strong arm of the British military enforcing peace where for five days turmoil and racial strife reigned.

There was continued desultory fighting in the less populated sections. Looting continued even in Jerusalem and danger from marauding tribes of Bedouins from Southern Palestine and Trans-Jordan, still existed.

Looters caught in the act were ordered shot forthwith by court martial. The Felaheen—the Arab peasants—who fear the wild Bedouins almost as much as do the Jews, brought their children as hostages of peace to the Jewish labor settlement, Kiryat Ananias.

The Jewish colonists were deeply touched by the sign of friendliness, which served somewhat to cool the passions aroused by stories of Arab atrocities on Jewish girls and youth in other parts of the Holy Land.

Today, the Moslem Sabbath, was looked upon as critical with Mussulman gatherings in their mosques. With its passage it was believed the situation would grow steadily better. Arab leaders arranged a huge assembly at the Mosque of Omar in Jerusalem.

There were continued scattered disorders.

A British Colonial Office communiqué said the total casualties to Aug. 28, including those previously listed as killed or dead from wounds, were Moslems 52; Christians 4; Jews 99; total 155. Wounded in hospitals, Moslems 108; Christians 9; Jews 161; total, 263.

Expect Contract
for Highway No. 5
To Be Let Soon

Hope that the contract for the paving of Highway No. 5 from the end of the present pavement near Tolbert to the Hardeman County line will be let at the September meeting of the Highway Commission is held by Willbarger County officials. All preparatory work on the project has been completed, and the Highway Commission has been notified of the fact, Judge J. V. Townsend said today.

No definite date for the meeting of the Commission has been announced, but it is assumed here that the session will be held Monday and Tuesday of the third week of the month, as the Commission usually meets on those two days.

Traffic is already routed over the new grade for the highway from Tolbert to the Hardeman County line. Completion of paving in this gap will connect the Willbarger concrete with the Hardeman County paving which was completed all the way across the county recently. The gap is about 6 miles long.

EFFICIENCY AIR DERBY
PLANNED AT CLEVELAND

Cleveland, O., Aug. 28.—(AP)—An "efficiency" derby to Buffalo, N. Y., and return, two long-distance derbies, closed course races for men and women and a solo endurance flight held the attention of spectators at the national air races today.

The flight to Buffalo and back was planned to test the efficiency of various types of planes in speed, fuel consumption, handling, and relative adaptability to flying conditions met in the race. A number of manufacturers had entered their planes.

Mrs. Mae Hailup of Tulsa, Okla., cross-country derbyist, announced she would attempt to establish a new endurance mark for women today or tomorrow.

ICE CREAM SUPPER TO BE
GIVEN AT CHURCH TONIGHT

An ice cream supper will be given at the Vernon North Side Community Church to help defray expenses of church necessities, according to an announcement made here this morning. Everyone is invited to attend.

SEMI-FINALS PLAY STARTS IN WOMEN'S GOLF TOURNEY

Cleveland, Ohio, Aug. 28.—(AP)—The Western women's golf championship today rested among a quartet of veteran golfers—two from Los Angeles, one from Kansas City and the other from Buffalo.

Surviving gruelling quarter-final matches, two of which went to the nineteenth hole, the four entered the semi-final 18-hole round on the old

Mayfield Country Club links today. They were Mrs. Gregg Lifer and Kathleen Wright, former rivals from Los Angeles; Mrs. O. S. Hill of Kansas City, holder of the Trans-Mississippi championship for the past two seasons, and Peggy Wattles of Buffalo, who has won more than her share of titles during the years she has been competing.

Much Steel in Razor Blades.
Atlantic City, N. J., Aug. 28.—(AP)—As Milton Dammann expresses it,

men have taken up the slack in the steel market caused when women discarded the steel corset. 3,500,000 pounds of process steel were used last year in the manufacture of razor blades. Mr. Dammann is one of the manufacturers.

Lightning Strikes Gopher.
Richmond, Va., Aug. 28.—(AP)—It is dangerous to play golf in a thunderstorm. Jim Kelly, pro, about to drive, was struck by lightning and rendered unconscious. He came to in 15 minutes.

Jews in America Demand Peace in Palestine Area

New York, Aug. 30.—(AP)—Restoration of peace in Palestine is demanded on behalf of the Jewish people of America in a resolution adopted at a

"Beats Anything I've Ever Seen"

Wichita Carpenter Gains on Orgatone and His Stomach Trouble Has Disappeared

"Two bottles of Orgatone got me over one of the worst cases of stomach trouble a man ever had and I gained in weight besides," said W. E. Carrington, a well-known carpenter, living at 2165 Avenue G, Wichita, Falls, Texas.

I've had stomach trouble off and on for several years which finally got me in a general run-down condition. After eating, gas would form and I would sometimes be in misery for hours. My suffering was so great that I could hardly bear it at times, and it seemed like the more I suffered the worse I got and although I tried doctor after doctor and everything I could hear of nothing helped me until I got hold of this Orgatone.

"It just beats anything I ever saw how Orgatone began to relieve my troubles right from the start. Almost every symptom of stomach trouble has gone, my appetite is fine, I sleep like a log and have gained in weight and strength. My own experience proves to me that Orgatone is one of the greatest medicines ever made and I recommend it to others."

Genuine Orgatone is not a so-called secret or patent remedy but a new scientific preparation and is sold in Vernon exclusively by the Vernon Drug Store, under the personal direction of a special Orgatone representative.

mass meeting in Madison Square Garden. Senator William E. Borah of Idaho was the principal speaker.

A message from President Hoover, read at the meeting last night, expressed confidence that "out of this tragic event will come greater security and greater safeguards for the future, under which the steady rehabilitation of the Palestine as a true homeland will be even more assured."

"Our advice is that the vigorous action by the British Government has restored a large measure of protection, although that Government is still faced with great burdens from this outburst of fanaticism," the President's message said.

Laxity of local officers in Palestine, rather than the British Government, was blamed for the outbreaks by Senator Borah, who asserted "this catastrophe was the result of carelessness or stupidity or both."

HIGHLAND

Will Karcher returned home Tuesday from a two weeks' visit in South Texas.

Edwin Kokel, who has been visiting his parents, Mr. and Mrs. Ernest Kokel in Walburg the past month, returned home Thursday night.

Willie Karcher, of Highland and Miss Helen Ritter, of Schulenburg, were married last week.

Rev. G. Heinemeier left Saturday for his home in San Angelo, after a visit here with his parents, Rev. and Mrs. L. Heinemeier.

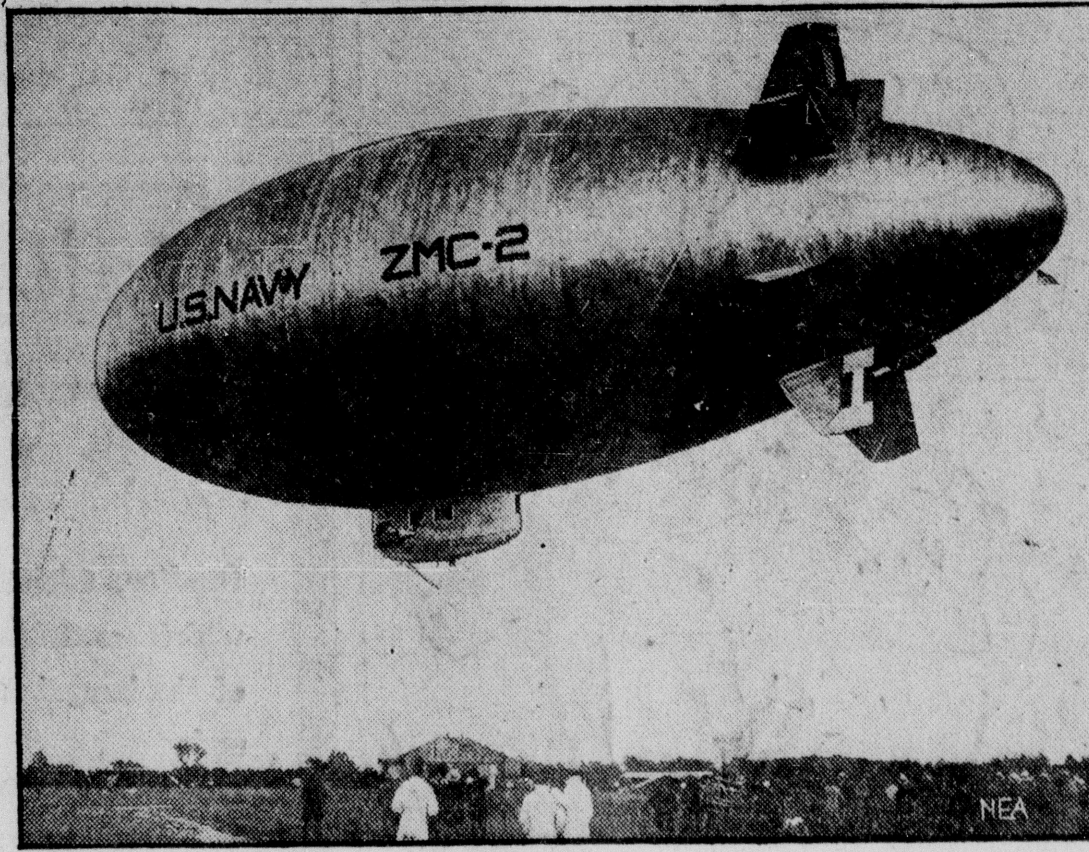

Ranch Sells

Fort Worth, Aug. 30.—(AP)—Sale of the 26,000 acre ranch of Tom B. Owens of Fort Worth and New York City, situated west of Tucuman, in Quay County, New Mexico, has been made to Wiley Blair and A. C. Adkins of Dallas. Consideration was announced. The sale was made about a month ago.

Baseball Fan Drops Dead.

New Orleans, Aug. 30.—(AP)—Clint Brown, New Orleans pitcher, banged out a home run, and Charles Bordeaux, a fan, listening in a store to the radio account of the game, dropped dead.

Navy's New All-Metal Dirigible Takes Air For First Time

Here's the newest thing in dirigible—the U. S. Navy's all-metal ZMC2, photographed as the strange airship took the air for its first test flight at Detroit. The test, staged before prominent naval officials, was eminently successful, the big craft rising to 1000 feet with pilot and four passengers and remaining aloft 49 minutes. Designers say it is no heavier than the ordinary fabric dirigible as the thin metal sheeting does away with the need for interior steel cross beams.

GUYER

Mr. and Mrs. T. M. McClendon and sons, Jack and Otis, returned Thursday from a two weeks visit with relatives at Birmingham, Ala.

Roy Akin left Friday for Mena, Ark. Marvin Weatherford and Floyd Akin returned Friday from a visit

with relatives at Lubbock.

Miss Sue Bettie Pate left Friday for Fort Worth, where she will visit friends and relatives for a month.

Mrs. Clarence Hargrave and daughters, Lelia and Ruby, returned to their home in Fort Worth Saturday after visiting her aunt, Mrs. John Clynch.

Mr. and Mrs. Charles Burchfield and children and Mrs. Burchfield's mother, Mrs. Chisum, left Friday for

Chickasha, Okla., for a visit with relatives.

A. M. Stone and J. W. Alvey returned from a trip to Lelia Lake, Turkey, Texas, and Fort Cobb, Okla., Friday.

Mr. and Mrs. A. G. Austin visited their sons, Jack and Jesse, and

daughter, Mrs. McDonald, at Wichita Falls Saturday.

Opposes Delay in Swim.

Toronto, Aug. 30.—(AP)—Charles Wainwright, a lifeguard, is disappointed over the postponement of the marathon swim. "I had it all worked out," he explained. "I proposed to do the swim Wednesday, collect the money Thursday and get married Friday."

THE VERNON DAILY RECORD

Published every afternoon except Sunday by The Vernon Record, Inc., 1531 Cumberland Street, Vernon, Texas.

R. H. NICHOLS, Editor and Manager

Entered as second class matter, November 2, 1923, at the post office at Vernon, Texas, under the Act of March 3, 1879.

Subscribers desiring a change in address of their paper should be careful to give old as well as new address to insure prompt attention.

Subscription Rates:
Delivered by Carrier—\$2 per year, \$2.10 for six months, 50c per month; 15c per week, payable in advance.
Delivered by Mail—In Willbarger, Hardeman and Board counties, \$3.50 per year, \$2 per six months, \$1.25 per three months, 50c per month. Anywhere same as carrier rates.

Members of the Associated Press: The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

Notice to the Public:
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Record, will be gladly corrected when called to the attention of the editor.

ASKING TOO MUCH

The justice of the claim of the regional road building organization that the Highway Commission should be liberal in the matter of voting aid for highway construction through counties in which large bodies of non-taxable school land are located is indisputable.

It is patent that it is an unjust burden to impose on the people of a county to require them to finance construction of roads that will enhance the value of land exempt from taxation. These people already are carrying more than their share of the school burden. While paying taxes just as other people are doing, they are forced to pay the bills for polling and offering educational advantages and other modern conveniences to non-taxable land.

However, it is doubtful if the wrong can be rectified by the Highway Commission. Legal restraints probably make it impossible for the Commission to grant more than the usual aid, in the customary proportion to county funds advanced. This matter merits the attention of the Legislature. It is unfair to impose a tax upon a county for school purposes then make it contribute further to the school funds by denying it the right to levy taxes on a large portion of the land within its boundaries. When the county then is required to contribute the usual amount in building roads serving this same non-taxable land, it seems just a bit too-much to bare. Certainly there is no excuse for Texas asking such a sacrifice on the part of counties.

Texas University is far from a pauper state. It is rapidly becoming one of the most wealthy universities in the land, and is well able to pay taxes on its holdings. If there ever was a time—and there may have been—when its financial conditions made it

advisable to exempt its lands from taxation, that time has passed.

It is grossly unjust to ask some of the impecunious counties of West Texas to pay taxes for the maintenance of a wealthy university and then deny them the right to levy tax, except on a small portion of their domain to raise this money to advanced to the school. Obviously there is pressing need of a solution of this anomalous situation.

REORGANIZING THE PRISONS

Plans for reorganization of the Texas prison along lines found advisable after a survey of a large number of prisons by members of the Texas Prison Commission are taking shape and plans are being made already to make the changes. A special session of the Legislature is to be called, Governor Moody has let it be known.

While The Record has long contended that the prison system is out of date, it recommends care and consideration in making the changes. Perhaps an educational campaign that would inform the people of exact plans would not be out of order. Too many worthwhile and wholly desirable movements have been defeated in Texas because of insufficient explanation. Texas legislators have quite a reputation for defeating measures, regardless of merit, and it might be better to give the people time to acquaint their representatives with their views on the prison system.

Certainly there is no reason for haste now, at least no more than has existed for years. Texas is obligated to place the wards of the state in conditions as conducive to health and proper mental development as possible under the circumstances. It is true, but the obligation has existed all these years that convicts have been imprisoned in inadequate and antiquated prisons of the state.

A well formulated plan should be ready for presentation to the Legislature, outlined after consideration of all possible objections. The prison system should be found on a unified plan, at least as much so as the political process through which it must pass before being authorized will permit. If it is left to the Legislature to do a considerable portion of the formulation, we may rest assured that the plan will be out of balance.

Of course the matter should be expedited as much as possible, but it is better to be certain that the plan determined upon will meet the state's obligations to its wards. That the system will tend to reform, not confirm criminals; that it will not expose inmates to dreadful diseases; in short, that it will prepare those unfortunate who are confined therein to reenter the game of life sometime in the future better equipped to cope with it than they were when they were confined.

Texas prison problem is not wholly economic. The system may never be made to pay its way, but it will be inexcusable to ignore the moral obligations the state assumes in conducting prisons. Let's be sure we are actually solving the problem this time. Our prison system has never been a matter in which we could take pride.

Superintendent Lofland Outlines Matters of Interest Concerning School Year Opening Sept. 11

Professor W. T. Lofland, superintendent of Vernon Public Schools, outlined enrollment procedure for the Vernon school system in a statement today. Enrollment will begin on Wednesday, September 11, although a two-day teachers' institute will begin on the preceding Monday.

as the school term is officially opened. In a statement to the public, Professor Lofland makes clear the conditions whereby the coming school year will be governed. Scholastic age, "unders," as applying to students under age, kindergarten, grades, junior high school and college credits

are explained in his statement which follows:
"To the Patrons of the Vernon Public Schools:
"The Vernon Schools will open September 9. However, there will be a two-day institute for the teachers of the County, and pupils will not enroll until September 11.
"The scholastic age for the coming school year remains as it has been for several years, seven to seventeen. However, pupils who are residents of this district will be allowed to attend school free until they are 21 years of age.
"For the school year 1929-30, pupils are unders who are not seven years of age September 1, 1929. A pupil who becomes seven after the first of September of this year is counted as under and will have to pay tuition for a full year at the rate of \$4 per month. The new law permitting 6-year-old children to attend free does not become operative until the school year 1930-1931.
"Pupils who are six years of age by September 1 will be allowed to attend school provided they pay tuition and provided they enter the first four weeks. We do not take unders after the first weeks for the reason that new classes are not organized after that time. This means that unders are not taken at mid-term next January.
"Plans are rapidly maturing to place trained kindergarten teacher at Hawkins School. The work will be strictly kindergarten, no time at all being devoted to the first grade.
"Parker, Shive, Hawkins and Central will have pupils from the first grade to low sixth, inclusive. High sixth pupils up to low eighth inclusive, will be taught at old Junior High building and will be moved to present High School when the new High School is occupied.
"Plans are under way to give the pupils of the Junior High School above the sixth grade some very practical subjects. Manual training, mechanical drawing, domestic science, domestic art, and junior business training will be offered this year to these pupils. Of course, there will be considerable inconvenience in giving these subjects until the pupils move to the present High School. However, since the move can take place by November 15, it is thought best to crystallize the program at the time all pupils are classified.
"Pupils who expect to enter col-

lege this fall and who have not gotten college entrance blanks filled out should do so at once. It is unfair to the office force here to wait until the opening day of schools and then ask for college entrance blanks.

"Plans are under way to give the pupils of the Junior High School above the sixth grade some very practical subjects. Manual training, mechanical drawing, domestic science, domestic art, and junior business training will be offered this year to these pupils. Of course, there will be considerable inconvenience in giving these subjects until the pupils move to the present High School. However, since the move can take place by November 15, it is thought best to crystallize the program at the time all pupils are classified.
"Pupils who expect to enter col-

Dr. Snook En Route to Death Cell

Dr. James H. Snook, former Ohio State University professor, awaits carrying out of the death sentence imposed on him for the murder of Theora K. Hix, his co-ed lover. Snook, center, is shown as he entered the Ohio state penitentiary at Columbus, where he will remain in a "death cell" until electrocuted on Nov. 23. At left is Deputy Sheriff Ralph Paul, and, at right, Sheriff Harry T. Paul.

A systematic campaign for the encouragement of dairying will be launched, according to W. R. Holsey, Bowie County agent. Establishment of bull circles, pure bred heifer clubs and elimination of scrub stock will be stressed in the program this fall, I. Olsey says.

PRACTICAL DAIRYING IS PLANNED IN TWO COUNTIES

Texarkana, Tex., Aug. 30.—(P)—Practical methods of dairying will be introduced in Bowie County, Texas and Miller County, Arkansas, this fall as a result of a tour of dairying centers in Mississippi by 50 or more farmers and business men of the two counties.

The inspection tour began in Texarkana, Aug. 19 and ended on Aug. 26.

Leaving Texarkana, the party passed through Garland City, Magnolia, El Dorado, Ruston, La. Monroe and Vicksburg where the first night was spent.

The second day, Jackson, Forest, Meridian, Macon and Starkville were visited. The big condensery plant at Macon was inspected, as was the Barren plant and cannery at Starkville.

The Swift plant, King creamery plant and the government alfalfa experiment station at West Point were visited on the third day, the night being spent at Aberdeen.

Numerous large dairy farms at Aberdeen were seen on the fourth day, and the night was spent at Tupelo. Inspection of dairying farms at Tupelo, New Albany and Holly Springs constituted the program for the fifth day. The party arrived in Memphis

Former Premier Poincare Ill.

Paris, Aug. 30.—(A)—Former Premier Raymond Poincare has suffered a slight attack of congestion of the lungs, forcing his doctors to postpone the second operation for abdominal trouble which had been scheduled for late in August.

SPUDDERS GAIN HALF A GAME BY BEATING TRIBE 8-6

PAYNE WORKS TWO INNINGS IN OVER-TIME CONTEST AND GETS CREDIT FOR 25TH WIN

(By the Associated Press)

While their two staunch rivals for the second half crown, Dallas and Houston, were battling to a 1-1 deadlock in 10 innings in the Bayou city, the Spudders calmly went about their task of subduing the basement dwelling Indians for the third straight day, 8 to 6. The Gallowaymen thus entered the final phase of their southern invasion today with a two and one-half game margin over their closest pursuers.

The leaders are booked for four games in Waco's handbox park, including a doubleheader, probably Sunday. With four straight triumphs behind them, they will be favored to capture the series. A clean sweep at this point virtually would send things up for the Oilers. The Steers moved over to Beaumont for four tussles in three days. Shreveport was at Houston and San Antonio at Fort Worth.

Both Hobo Carson and Steengrafe, the starting pitchers at San Antonio, were batted hard, but the Spudders went into the ninth leading 5 to 4. Steengrafe gave way to a pinch hitter, and the Spudders scored one to take a two-run lead. Payne went to the mound in the ninth and gave up two singles and a triple to allow the Indians to knot the count at 6-6. Bettemourt's third home run of the game, scoring Hermann who had doubled, gave the Oilers two runs and the game in the tenth. Payne held the Indians scoreless in the tenth and got credit for the win, his twenty-fifth of the year.

Sarge Connally's usual seventh inning lapse enabled the Buffs to count their only run and force the encounter at Houston into extra innings. The Steers had scored once on Flint Rhem in the fourth. Connally, it seems, cannot resist experimenting when he gets to the seventh without having allowed a run. The story of his weakness followed him down from the big leagues.

Shreveport made it three out of four at Beaumont and took undisputed possession of the third rung by downing the Exporters, 9 to 2, in their final. Collard limited the Shippers to six bingles while his mates were drumming 15 knocks off four opposing chunkers. A six-run outburst in the first chapter led the game.

Another free-hitting contest saw the Panthers close their Waco engagement with a 9 to 5 victory. McCabe and Harris were clouted violently, but stuck by their guns. The Cats salted it away with five tallies in the sixth.

Hoover Opens Legion's Series

President Hoover delivering a speech? No, a baseball! And after the ball was over, the American Legion junior tournament got under way in Griffith Stadium, Washington. The camera caught the Chief Executive as he turned the presidential box into a pitcher's box and "Hooverized" the home plate again.

PIRATES SWAMP CUBS FOR THIRD STRAIGHT GAME

Ghost of Fast-Vanishing Hope of Pittsburgh Rises To Haunt National Leaders and Flavor an Otherwise Colorless Race — Rabe Gets Another Homer

(By the Associated Press)

The march of Pittsburgh's phantom legion moves on through the darkness in a subterranean attempt to recapture a vanished hope. This return of Corsair ghosts from the grave is giving the National League the only shred of a supreme moment the stretch run of 1929 can know.

The miracle may last no longer, but remarkably enough, it has carried through three games in two days, to the utter amazement of Joseph McCarthy and the Cubs. The third Pittsburgh decision was gained 5 to 4 at Forbes Field yesterday.

The venerable Mr. Jesse Petty held his own so well against nine right-handed Bruin swingers the Pirates were able to eke out the decision in the sixth when two runs were scored on Traynor's triple. Grantham's double, Comorosky's infield hit and Hensley's sacrifice fly. Hal Carlson allowed only eight hits to ten by Petty, but was unfortunate enough to see them bunched.

Bill Walker, young Giant southpaw, flirted with the hall of fame at Ebbets field when he held the Robins

SIX POLO TEAMS TO ENTER CHAMPIONSHIP PLAY

New York, Aug. 30.—(P)—Six teams, numbering in their ranks the finest polo talent in the United States and England, begin their quest for the national open championship on International field at Westbury, Long Island, tomorrow.

Forty-Three Candidates for High School Football Team This Year Get Equipment and Start Practice

Forty-three aspirants for the 1929 Vernon High School football team answered the first call to arms and received equipment yesterday afternoon. With 4 o'clock set as the time to distribute the equipment, many of the hopefuls were assembled at the high school by 2 o'clock yesterday afternoon, and no time was lost in the scramble for gridiron accoutrements. At 4:45 all of the first-day candidates were booting and passing brand new pigskins over the practice field west of the building.

Coach W. C. Weir expected that the number of candidates would easily swell to the half-hundred mark this week, with more coming next week. He expects a total of about 60 men. Some of the 1928 letter men were not present at the first meeting yesterday but will be on hand early next week.

For the remainder of this week Coaches Weir and Binnion will deal in light workouts with nothing heavy until the soreness of the vacationed muscles has disappeared. With a healthy bunch of husky young busters to start the opening practice session, the coaches appeared more optimistic than has been the case prior to yesterday. Already the average weight of the team, according to estimation, has been raised with the unexpected entrance of several heavy weights in the candidate list. Rumors of three or four "dark horses" were whispered about the practice field yesterday.

Letter men returning to the fold yesterday were Roy Rodman, Emmett Crawford, Kenneth Lawrence, Vernon Manis, Clifford Bowden, Hubert Baird, Sam Parker, and Johnnie Gelhausen. The remaining two, Bill Price and Rayford Thomas, will report early next week.

Returning to the lair of the Lions this season will be several veterans who have made good records in former years. Tot Williams, Virgil Thompson, Fred Vernon, Ray Parker, Marshall Nixon and J. D. Armstrong, some of these. From Fargo comes some new players who are expected to amount to something to the team. Bill Richards is one of these.

Other candidates who drew equipment yesterday are Ross Armstrong, L. B. Barrett, Jack Christian, J. Marvin Coleman, Cecil Colwell, Ray Cox, Ernest Christian, Doyle Stroud, A. W. Seale, Lundy Shelton, Woodrow Smith, Dinty Dolan, Clyde Dye, J. R. Goldston, M. L. Graham, Henry Galloway, Bud Judd, Warren King, Albert Knauth, Aubrey Lacy, James Lutz, Jack Marrs, Thurston Neas, Frank Pennington, Carl Powell, Shorty Wall, Mike Williams, and J. M. Watson.

Clarendon Club Plans Invitation Golf Tournament

Clarendon, Aug. 30.—Inaugurating an annual invitation tournament for the golfers of the Panhandle, the Hillcroft Golf Club issued Thursday invitations to the golf clubs of this section for the first meet which will be held on Friday, Saturday and Sunday, September 6-7-8.

The tournament will be conducted under U. S. G. A. rules in effect under U. S. G. A. rules, with certain local ground rules in effect and will give Panhandle golfers opportunity to match their skill against the sporty Hillcroft course here which is regarded as one of the best in the territory. All entries must be registered by nine o'clock Friday morning, Sept. 6th, the first day being given over to eighteen hole qualification rounds. Match play will begin the morning of Sept. 7th, the field being divided into four flights. Eliminations continuing until Sunday afternoon, Sept. 8th.

A tempting array of cups, trophies and merchandise prizes are being arranged by Hillcroft officials, and from the advance interest manifest no less than one hundred golfers from Panhandle towns will tee off the first day for the grueling three-day match.

Elegant cups will be awarded to best team play, and for best attendance from visiting club, while suitable trophies and prizes will be given to the low medalist and runner-up in qualification. In the four flight there will be first and second prizes and a consolation prize will be awarded in all flights.

The Hillcroft first annual invitation tournament, coming as it does just before the fall rush of business will bring to Clarendon the best golfing talent in the Panhandle and some very low scores will likely be chalked up in the three days' affair. The entrance fee has been set at \$2.00 per player and special accommodations have been arranged for at local hotels.

Twelve Withdraw From National Golf Tourney

Del Monte, Calif., Aug. 30.—(P)—The withdrawal thus far of twelve of the original field, including Johnny Dawson, Chicagoan, has cut to 150 the number of prospective starters in the national amateur golf championship over Pebble Beach.

The hazards of this ocean-side course will complete the reducing process in the qualifying competition next Monday and Tuesday.

Elimination of Dawson, who scratched his name voluntarily because he chose to resume connections with a nationally known sporting goods manufacturer in preference to an unquestioned amateur status, shared the main pre-battle interest today with the prospect of another attack upon his own record by Bobby Jones.

KID CHOCOLATE WINS DECISION

BRONX IDOL GIVES CUBAN NEGRO TOUGH BATTLE THURSDAY NIGHT

New York, Aug. 30.—(P)—The amazing ring record of Eligio Sardinias — Cuba's Kid Chocolate — still was unmarred by defeat today, but the smiling Cuban negro has found at least one foe who can give him a run for his money.

Through 12 rounds of bristling action, Chocolate and Young Al Singer, Jewish idol of the Bronx, battled on close to even terms at the Polo Grounds last night with the decision going to the Cuban.

So close was the struggle that some portion of the crowd of 45,000 who jammed their way into the home of the New York Giants, boomed lustily when the decision was announced.

There were no knock-downs, but there was plenty of action. Against Singer's superior aggressiveness and harder hitting power, Chocolate fought a heady battle. He was content to lay back, keep Singer off with a snaky left until the going got tough. Then he tore in furiously and had the Bronx idol holding on at several stages of the battle.

Although neither seemed at any time to be in any particular danger of a knock-out, there were not a few moments when it appeared that a few more blows to the right spot might cut the first short and send one or the other home a victor by other than the decision route.

Chocolate weighed 125 pounds; Singer 128 3-4.

The gate was in excess of \$200,000, the biggest purse any division lighter than the lightweights ever has drawn.

TEXAS NETMEN ENTER LAST ROUND OF TENNIS MATCHES

Brookline, Mass., Aug. 30.—(P)—The mixed doubles players in the forty-eighth national doubles tennis championships, who have been striving all week on out of the way courts for the title left undefeated by Miss Helen Wills and Jack Hawkes, her Australian partner, today appeared assured of holding the center of interest as a result of the tournament committee's decision to hold over the men's finals match until tomorrow.

George Lott and Johnny Doeg reached the final round of men's doubles yesterday by defeating Bill Tilden and Frank Hunter for the second time in a week. The former pair will play Berkeley Bell and Lewis N. White, the Austin, Texas, team, for the title tomorrow. The Texans gained the last bracket by trouncing W. F. Coen, Jr., and Harris Coggeshall of Des Moines, Iowa.

Texas University To Offer Course in Constitution

Austin, Aug. 30—Requirements of the recent legislative act making studies of the constitutions of the United States and of Texas compulsory in all State-supported schools giving credits toward degrees and toward teachers' certificates will be met by the University of Texas by a three-hour course on American Government in which the two constitutions are emphasized, Dr. C. B. Patterson, chairman of the department of government at the University, has just announced.

This course will be offered this fall, although the legislative requirement does not go into effect for another year, Dr. Patterson said. The reason for the course being offered is so that juniors and seniors may be allowed to take the course while undergraduates.

The course on the constitutions will be offered as a sophomore course and will consist of the first half of what has for years been a fundamental course in government. The remaining half of the original six-hour course will be given independently and will present a study of European government. These two courses or their equivalent are required as a prerequisite for all advanced courses in the department of government, as well as for degrees in the school of law and the school of business administration. The passage of the new law makes the study of American government a requisite for degrees in the college of engineering.

ing, the school of education and the college of pharmacy.

No estimate of the number of students who will be enrolled in the department of government this year can be made, Dr. Patterson declared. There have been between 400 and 500 sophomores enrolled for the original fundamental course each year. There should be a large increase in this group this year, and it is expected that a group of juniors and seniors numbering nearly 1,000 will register for the study of the two constitutions.

Since the probable enrollment cannot be estimated, no effort can be made to provide an adequate teaching staff until registration is over, Dr. Patterson explained. The present staff is the same in size as it was last year. The increased enrollment will probably be met by an increase in the size of the classes and by the addition of two or three tutors to the staff.

The course in the constitutions will be uniform throughout the State, in order that no difficulties may be encountered by students transferring from one State school to another. It is probable that the course or a similar one will be added to the curriculum of the larger private schools as well, since the majority of them offer teachers' certificates.

That Spare Bedroom--Try a Want Ad That Spare Bedroom--Try a Want Ad

Texas Ports Are Fighting Rates of New Orleans

Houston, Aug. 29. — (AP) — Texas ports are bucking on their armor for a finish fight to destroy the last of New Orleans rate advantages.

The Gulf cities were spurred into action by the activities of New Orleans and Louisiana interests in raising a fund of \$250,000 for a rate war.

The Texas ports made a deep incursion into enemy territory four years ago when the Interstate Commerce Commission ordered all except two railroads in Texas, Oklahoma, Arkansas, Louisiana, Kansas and Mis-

souri to apply lower rates to Texas ports than to New Orleans if the distance were less. Prior to that time goods for export or import could be shipped as cheaply by way of New Orleans as through the ocean gateways of this state.

The only lines excepted in the order were the Texas & Pacific and the Louisiana Railroad and Navigation Company, now the Louisiana and Arkansas Railroad. Neither of these touches a Texas port.

Shipments from points on those lines now may be made as cheaply to New Orleans as to one of the Texas ports although the Texas cities may be several hundred miles nearer.

Examiner Irvin Koch of the Interstate Commerce Commission recently recommended to the Commission that it force the T. & P. and the L. & A. to charge lower rates to Texas ports than to the Louisiana City, if the distance were less.

That recommendation was the direct cause of the feverish fund-raising activity on the part of New Orleans and other Louisiana interests. A bill of exceptions to Koch's recommendations was filed.

Texas Gulf Ports are preparing to present a united front to their New Orleans rivals and to meet them argument for argument.

Representatives of a number of the port cities, among them Galveston, Texas City, Beaumont, Port Arthur, Orange and Houston, met here to plan concerted action.

War Veterans To Register in Old Fort at Reunion

Nacogdoches, Texas, Aug. 30. — (AP) — Sent survivors of the Boys in the Gray who will attend the annual Texas Confederate veterans reunion here Sept. 3-5, will register in a rebuilt old stone fort on the high school campus. The reunion sessions are to be held in a new gymnasium-auditorium within 100 yards of the fort.

One hundred years ago the stone fort, a two-story structure stood at the corner of the plaza in the little town of Nacogdoches, the gateway to Texas from the United States.

Robert Lindsey, general chairman of the reunion, has announced that all old soldiers will be lodged and fed free during the three days.

One of the features of the reunion will be a barbecue. The Nacogdoches post of the American Legion is aiding in the entertainment and plans a street dance on the post office square the second night.

The old soldiers will see the monument here to the memory of Thomas J. Rusk, Stephen F. Austin Teachers' College erected on the site of General Rusk's farm home, and the historic elm tree under which many treaties were made with Indians. Many will be taken to old San Augustine, rich

in history, only 35 miles away. Major General W. M. Atkinson of Houston, commander of the Texas Division, United Confederate Veterans, will preside over the business sessions.

Mrs. F. C. McClung
Announces the Opening
Monday, Sept. 9
OF CLASSES IN VIOLIN AND PIANO
Call 660-W for Appointments

WHAT THE MEMBERS OF THE Mutual Protective Life Association (LOCAL MUTUAL AID) Are Entitled To Know:

- 1—We have met all the requirements of the new law governing mutuals.
- 2—We have more than 700 members in Class A, 1100 members in Class C, and will soon have enough to start Class B.
- 3—We are building a surplus in our Association to meet emergency calls.
- 4—It is home insurance for home people. Now let every one be a booster and come on and pay today on your first advance call. We know not who will be next to go.

L. A.
